

MISSION STATEMENT

Instant Products Group designs and manufactures for purchase or hire of an unparalleled range of transportable buildings, portable toilets and showers, and sea container products in Australia. Our products are available to customers across virtually all industries within Australia.

Our company creates work environments which are friendly and dynamic as well as one that allows all members of the team to thrive and develop to reach their individual potential. Our team shows respect for diversity in each other and those around us at all times. We welcome and support those in our team which work in our remote virtual workplaces around the world.

We will provide long-term financial security, personal growth and fulfilment for all of our stakeholders.

VISION STATEMENT

To Solve it in an Instant – by providing innovative products and services which offer prompt solutions to our customers problems (needs). To be the market leader and innovator whilst being recognised by our customers as a reliable and trustworthy company that will deliver on our commitments.

Scott Rawson

Managing Director
Instant Products Group
